Mobile :(+91) 99 222 97 984

To continue my career with challenging assignments in Data Science/ Data Analytics, to translate my passion & experience into effective and outstanding solutions, that could help organizations make informed decisions and gain edge over their competitors.

Amigos Software Solutions Pvt Ltd, Hyderabad : Data Analyst

Since: Jan'17

Period – 2 Yrs

Accountabilities:

- Providing expertise on data storage structures, data mining, and data cleaning.
- Dealing with sales figures, market research, logistics, and transportation costs.
- Testing and developing database management plan.
- Global provider of decision science and advanced analytics consulting
- Providing descriptive to predictive analytics services enabling our clients to analyse, visualize and monetize opportunities through a cloud model.
- Importing data from various external data sources.
- Data manipulation to uncover trends and insights i.e. subsetting, Summarisation, sorting.
- To read the data and try to find trends, patterns, similarities and algorithms within the data.
- Presenting these findings to the stakeholders/leadership to help them make.
- Better strategies for the business.

TECHNICAL SKILLS

- Programming- Python, R.
- Data wrangling, Statistical analysis, Machine Learning/Predictive Modelling, and Data Visualization, Statistics, Tableau.
- Database - SQL. Big Data
- Technical – Machine Learning: Classification, Regression, Feature Engineering, Data Scraping, manipulation and Visualization (matplotlib, plotly), Statistics
- Deep Learning – Neural Network: Artificial Neural Network, Convolution Neural Network ,Recurrent Neural Network
- Coding- Python (Jupyter Notebook, Keras, TensorFlow, Scikit-learn, Pandas, NumPy, SciPy), Git, SQL.

PROJECT

Project 1	Analyzing motorcycle Sharing Trends
Description	Use the Capital Bike Sharing dataset to understand regression models to predict bike usage demand.
Responsibilities	<p>Utilized the pandas, numpy, and seaborn/matplotlib to manipulate, transform, and visualize the dataset at hand</p> <p>The line plots, bar charts, box plots, violin plots, etc. all helped us understand various aspects of the dataset</p> <p>Equipped with a better understanding of dataset and regression.</p> <p>Utilized the sklearn's linear model to build and test our dataset for the problem at hand & same used the model_selection module to split our dataset and cross validate our model.</p> <p>Decision tree based regression model to improve on the performance of linear regression.</p>

Project 2	Analyzing Film Reviews Sentiment.
Description	<p>The main objective of predicting the sentiment of the reviews based on the textual content.</p> <p>Unsupervised learning techniques used sentiment lexicons like Afinn, SentiWordNet, and VADER were covered in extensive detail, to show how we can analyze sentiment in the absence of labeled training data.</p>
Responsibilities	<p>Concepts and techniques (natural language processing).</p> <p>Used text analytics, Machine Learning and Deep Learning.</p> <p>Used multiple aspects from NLP including text pre-processing, normalization, feature engineering as well as text classification.</p> <p>Used Logistic Regression and Support Vector Machines and Deep Learning models including deep neural networks, RNNs, and LSTMs</p>

PROFESSIONAL PROFILE

- **Around 4.8 years** of qualitative experience in HRM.
- Handling Human Resource related activities.
- Managing for Travel /Vendor/ Attendance / IT related issue.
- Knowledge of ERP system (Oracle) + MS Office.
- Planning skills to create administrative and office procedures.

EMPLOYMENT

Emerson Network Power India Ltd, Pune : HR/Administration/Account

Since: Aug'13

Period – 2.9 Yrs

Accountabilities:

- Calendar meetings, Events and arranging Conference calls.
- Travel arrangements, Shuttle services & Hotel accommodations.
- Documentations, Employee engagement and exit formalities.
- Cash Transaction: Tracking & reports (Cash receipts & Petty cash.)
- System based Portal Update – Supplier Creation / Supplier Payment / Attendance.
- Training and Development.
- Budget Planning.

Electrobytes Technologies India Pvt. Ltd, Pune : Co-ordinator

Since: Nov'11

Period – 1.9 Yrs

Accountabilities:

- Register & Tracking of complaints of Merchant wherein Swipe Card machine are installed.
- Co-ordination with Service engineers.
- Ensuring solution within 4 HRS.
- Online System based complaint tracking.
- Maintain database of Merchant sales order and invoicing records.
- Dissections on every week with field engineer to achieve targets.

SCHOLASTICS

- Secondary School: 10th Pune Board with second division.
 - Higher School: 12th PCM Group, Pune Board with second division.
 - Bachelor in ARTS, BAMU University with First division.
 - Master in ARTS with Sociology Subject, BAMU University with First division.
 - Bachelor in Computer Science (Appeared in Final Year), BAMU University.
-

CERTIFICATE

- Machine Learning _ Google Cloud
-

SOFT SKILLS

- Positive Attitude.
 - Good Communication Skills.
 - Time management abilities.
 - Self Confidence.
 - Ability to accept and learn.
 - Flexibility / Adaptability.
 - Working Well under Pressure.
-

PERSONAL DETAILS

Date of Birth	: 26 June 1990
Gender	: Male
Marital Status	: Unmarried
Passport Number	: N8922770
Address	: S R Nagar, Hyderabad.
Mobile Number	: 9922297984
